Dear resident

### **A358 road surveys**

Highways England operates, maintains and improves England's motorways and major A roads. As part of this, I am writing to let you know about upcoming works in your area.

#### **What we're doing**

As part of our ongoing design work for the A358 Taunton to Southfields dualling scheme, we will shortly be carrying out some survey work to examine the construction of the existing road. These surveys will help inform our design and construction requirements for the scheme.

#### **When will this work take place?**

To carry out the surveys safely, we will be introducing a single lane traffic between Southfields Roundabout and Hatch Green, and an additional one between Hatch Green and Ash Cross **from Monday 7 June to Monday 5 July**. These closures will take place on weeknights only, between 8pm and 6am.

#### **What does this mean for you?**

Because this is a single lane closure, we will not be introducing diversion lanes, only a temporary traffic lights system. Emergency access will also be maintained by our traffic management contractor Alliance Highway. We will keep you updated of closures via advance roadside warning signs. For up to date information on all our closures, please follow us on Twitter at [@HighwaysSWEST](https://twitter.com/HighwaysSWEST) or alternatively please visit [www.trafficengland.com](http://www.trafficengland.com)

I would like to apologise in advance for any inconvenience that may be experienced during this work. If there are any problems regarding access during the time periods outlined above, the project team can be contacted using the details below.

#### **Find out more**

If you have any questions, or if you would like to know more about our work, please contact us on **0300 123 5000** or email [A358TauntontoSouthfields@highwaysengland.co.uk](mailto:A358TauntontoSouthfields@highwaysengland.co.uk).
