

## M5 Junction 25 Improvement Scheme Project Update: 17 May 2019

Re-modelling of the Junction 25 gyratory system will begin on Sunday 19th May 2019 with works taking place through the night to keep any disruption to a minimum. The majority of the works will take place between Sunday and Thursday, 8pm to 6am, when lanes on the roundabout gyratory and approach roads, will be reduced to one. We expect these arrangements to remain in place for approximately nine months, but we'll keep you up to date with any changes through our regular newsletters and bulletins.

For more information about the M5 Junction 25 Improvement Scheme visit:
